

Booster Update 10/07/08

Our current needs are -

Building Monitors

We need a building monitor near the building entrance keeping track of parking lot activity especially during transition times - 15 minutes prior to the start of each practice time until about 15 minutes after each band has been dismissed. **LET HELEN HERBST KNOW IF YOU CAN ASSIST THIS WEEK FOR CADET, JR OR SYMPHONIC PRACTICE TIMES. PLEASE CONSIDER TAKING A TURN SOMETIME DURING THE SEMESTER.**

- We need a student to sweep the floor **THIS WEEK** after the chairs have been put away at the end of the evening.
- We need a student to take out the trash **THIS WEEK** at the end of the evening.
- It would be nice to have someone to record symphonic practice logs every other week.
- If you plan to stay during concert senior time, please consider volunteering to take attendance. It's a nice way to get to know the students.

Let Helen Herbst know if you can help with any of these tasks. Thanks!

Herbst family contact info is in the 2008-2009 Band Directory which was recently distributed to one band member from each family.
